**Attachments:** 2018.FWS.Species List for Discharges from Offshore Oil and Gas Exploration.pdf; ESA.FWSletter.docx; OCS.Leases.Map.pdf

Dou,

This is related to the reissuance of our general NPDES permit for discharges from offshore oil and gas facilities off Southern California.

We requested a species list in December 2017 (attached), and USFWS provided a list in your letter of January 29, 2018 (attached).

But the list you provided in 2018 may need to be updated by now. That's what we wanted to find out.

Thanks

Hi Mr. Bromley,

Mr. Rothfus no longer works for our office. Can I help you with this request? Is this related to an existing consultation (e.g. BOEM's offshore platform consultation)?

Thanks,  
Dou

Dear Mr. Rothfus,

Can you tell us if the attached species list that you provided to us in January 2018 for offshore oil lease blocks off Southern California is still current?

And provide any new species/critical habitat if there are any?

Thanks
